

## Increased Tax New Question Provincial Estimates for 1914

Figures Brought Down Today—One Million Each for Roads and Phones.

Estimates of the revenue and the amounts to be voted by the legislative assembly for the fiscal year 1914-15 for the province of Alberta for the 12th month ending December 31, 1914, were laid on the table of the house this afternoon by Premier Shinn, calling for a vote of \$9,753,320, and an expenditure of \$9,753,320.

In the estimates it was shown there is one new item which for the first time appears in the estimates of the Dominion land office, and which is to be placed among the items of the revenue of a province, the item estimating the total

items, together with \$260,000 interest on school bonds, brings the total to \$1,170,000. The amount received from the federal treasury on accounts up to \$1,170,000.

**The Treasury Department.**—The treasury department, in the figures relating to which is included \$250,000 of the \$1,170,000, is a loan authorized by the present administration and the increased increment tax of \$250,000 is to be turned into the province \$2,910,000.

**Attorney-General's Department.**—The attorney-general's department, in the figures relating to which is included \$200,000 of the \$1,170,000 of the government, it is estimated, will turn in \$250,000, of which \$60,000 will be returned to the attorney-general's title office, a quarter of a million

active assembly turns in \$50,000 as the amount of the fees for private bills introduced before the house and 100,000 for private bills introduced in the senate. The government printers—which means monthly advertisements in the Gazette—turns in \$50,000.

**The Province's Expenses.**—On the outside of the side of the ledger the province has to pay \$1,000,000 to the government, which means the salaries and expenses of the various officers, clerks and the like. The salaries of the departments is set down at \$441,416, and the lieutenant governor's secretary and the lieutenant governor's clerk at \$27,300 for the year. Legislation, which includes the indemnity to members of the assembly for the time the talk-factory below the bill in operation.

**Provincial Secretary.**  
In the provincial secretary's department the total of the taxation which will be levied against

## LARGELY DUE TO REMA- TURE LAUNCHING BOATS

Steamer Narragansett Sprays the Ocean With Oil and Calms the Waves—Much Discrepancy Between Stories of Launching Boats—Night Aboard the Carmania Will Never be Forgotten—Officials of Uranium Co. Believe Disaster to Have Been Result of Plot.

London, Oct. 14.—The stories told by the passengers of the steamship Carmania and other liners which went to the rescue of the burning Vulture, describe the heroic efforts in the face of almost insuperable difficulties to save the passengers and crew of the doomed ship. As yet information is lacking as to how the fire originated, but

There is some discrepancy in the stories with regard to the behavior of the crew, but it is significant that of the crew, numbering 93, it is reported that 78 perished, while most of the officers remained aboard and were eventually rescued.

What issue is raised by these narratives is that practically all lives lost were sacrificed in attempts to launch the boats before the arrival of other steamers and that had Capt. Knud know so much help would be forthcoming practically all would have been saved. The Carnarvia arrived at Fishguard yesterday but her commander declined to give out an official statement and he had submitted his report to the company officials at home, where the Carnarvia is due today.

(Copyrighted on Feb. 2nd.)

It is shown that the fact that not more lives were lost was due in the first place to the wireless and in the second to captain Barr's happy idea of calling the Narragansett for oil.

There is some discrepancy in the stories with regard to the behavior of the crew, but it is significant that of the crew, numbering 93, it is reported that 78 perished, while most of the officers remained aboard and were eventually rescued.

What issues clearly from all the narratives is that practically all lives lost were sacrificed in attempts to launch the boats before the arrival of other steamers and that had Capt. Inch known so much help would be forthcoming practically all would have been saved. The Carmania arrived at Fishguard yesterday but her commander declined to give out an official statement until he had submitted his report to the company officials at Liverpool, where the Carmania is due today.

# TRY THIS HOME-MADE COUGH REMEDY

Costs Little, But Does the Work Quickly, or Money Refunded.

Mix two cups of granulated sugar with 1 cup of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents worth) in a 16-ounce bottle; then add the Sugar Syrup. Take a teaspoonful every one, two or three hours.

You will find that this simple remedy takes hold of a cough more quickly than anything else ever used. Usually ends a deep-seated cough inside of 24 hours. Splendid, too, for whooping cough, croup, chest pains, bronchitis, and other throat troubles. It stimulates the appetite and is slightly laxative, which helps end a cough.

This recipe makes more and better cough syrup than you could buy ready made for \$2.50. It keeps perfectly and tastes pleasantly.

Pinex is the most valuable concentrated compound of Norway white pine extract, and is rich in gaulonic acid and all the natural pine elements, which are so healing to the membranes. Other preparations will not work in this form.

This plan of making cough syrup with Pinex and sugar syrup (or strained honey) has proven so popular throughout the United States and Canada that it is often imitated. But the old, successful formula has never been equalled.

A guaranty of absolute satisfaction in money promptly refunded goes with this recipe. Your druggist has Pinex or will get it for you. If not send to The Pinex Co., Toronto, Ont.

## POLICE COURT

After being arraigned in police court Saturday on the charge of violating the traffic laws by leaving orders of the traffic laws on the point of duty, and being fined \$10 and costs, with a warning from Magistrate Heffernan, T. A. Smart mounted his car and proceeded up Jasper to a point opposite McHugh, where he succeeded in running down George Anderson.

Anderson was riding a pony which was wrecked, while he escaped with slight bruising. He stated before the court that he was driving a car only one month. The matter was not referred to the police.

In a raid on two bawdy houses Saturday night, 14 arrests were made. Alice Brown, keeper of one, was fined \$500 and costs, with another fine aimed at running a bawdy house without a license. The second offense cost her \$5 and costs. Florence Brown pleaded guilty to the charge of being an inmate of one of the houses and costs fined \$10 and costs. On another charge of selling liquor without a license she pleaded not guilty and was remanded for trial tomorrow morning.

Miss Priest, Kate Wooley and Hannah Elliot, charged with being inmates, were remanded for a hearing today.

The cases of Ole Johnson, Charles Millberg, Joe West, H. Parsons, John Merrell, Charles Colquhoun, Andrew Anderson, Edward Carlson, John Sychowski, Carl Skansen, John Johnson and John Larson, all charged with being frequenters of bawdy houses, were remanded for trial today.

C. H. Anderson, charged with being the proprietor of a disorderly house and selling liquor without a license, had his case adjourned to today.

Jack Beck, on a charge of false pretenses, preferred by Miss McHugh, was remanded for trial today.

Jacob David and Daniel Simpson were given 30 days at hard labor on a vagrancy charge. Both men were homeless, and the vicinity of Charles Campbell's bakery at the corner of Broadway and Main street last Saturday night, and according to the way law laid out put it, "they started to freeze."

Mr. Campbell's residence which adjoins his bakery looked comfortable to him and rather than freeze to death thought they would accept the hospitality of Mr. Campbell without an invitation.

They stepped up to the front door and entered, only to find themselves in the clutches of eight husky bakers. Mr. Campbell had them in his power, and when he pushed an electric button, which informed the bakers that they were called upon to do some making other than that of the flour and yeast variety.

Word was phoned to the police and the bakers looked up. In court yesterday law admitted he had been released on a suspended sentence only two days ago, and stated that he was waiting for some money from the old country. Magistrate Heffernan ordered him to wait in jail for 30 days until his cash came in.

C. S. Corff, charged with theft from Charles P. Stephens, was remanded for morning. Wednesday morning Corff was a horse and buggy Sunday afternoon and the horse, taking a look at Corff's face, broke into a mad dash west on Jasper. The rip-up artist and Corff had to go to a hospital for repairs.

On a charge of stealing a dog, which she claimed was her own, Mrs. C. H. Harrington was remanded for trial this morning. Ernest Seymour of the S. Regis hotel was the complainant.

Somebody in a North Edmonton dairy told William Aulman that he had been on the job for a day. That started an argument which wound up by Robert Johnson, Sam Plury, Edward Cowling and Nick Eichen putting up the blocks.

Aulman appeared before Magistrate Heffernan, who told him to get out of the face before any injuries and swore out a warrant for the arrest of the three. After telling the court that they did a cowardly act in attacking a lone man Magistrate Heffernan fined the men \$5 and costs, with the exception of Johnson, the case against him being dismissed.

A. M. Cohen, charged with assaulting and obstructing Joseph Barber, was remanded for a hearing Wednesday.

# OPEN VERDICT IS RETURNED BY CORONER'S JURY

Recommends the Reserve Between Churchill and Alberta Avenues Be Cleared.

WALLER IS TURNED LOOSE BY POLICE TODAY

Michelson Proves an Enigma to Authorities—Seems to be Mentally Deficient—Remanded on Charge of Perjury.

James McNulty came to his death from a gunshot wound received at the hands of some unknown person.

That was the verdict rendered by Coroner Patrick J. Waller after the jury had returned its verdict. For that stated that with all the evidence that had been produced, there was nothing to connect anybody with the crime.

The verdict also contained a clause strongly recommending the clearing of the reserve between Churchill and Alberta avenues of all brush which was declared by Dr. Forin to be a cover for vagrants and criminals.

Waller was released from custody this morning, there being no sufficient evidence to warrant his being held. It took the jury but the time to write its decision on paper to render the verdict.

No witness that took the stand to give testimony relative to the scene and suspicious characters seen around James McNulty's shack in the Hudson Bay reserve shortly before the murder, could state any more than "Waller told something like that."

A number of witnesses stated how they had been frightened in their shacks in the Hudson Bay reserve by the strange actions of unknown men who provided around at night.

Darkness made it impossible for them to get a good glimpse of the man or men and when called upon to identify Waller, could only speak vaguely.

"He looks something like the man, but I'm not sure."

A loud wailing at the beach, Waller took the stand and eagerly, nervously told of his movements in the last few days and nights.

James O'Connor, acting for the crown in the cross-examination, had to request the jury to speak slowly.

For a time during the cross-examination Waller's testimony looked for a sin when he had difficulty in remembering certain days, particularly Labor Day and the day following.

When Mr. O'Connor asked his attention to his poor memory in connection with those days and of their correspondence with the written statement he had given to the police some days ago, Waller became a being of nervous energy as he said:

"I may have said anything to the police in the condition I was in when they questioned me after being down in that cell room for five or six hours. That fifty cell drove me crazy. I had made in the head; I was sick in the head. I wanted to commit suicide. The place is so rotten that it is enough to drive any man crazy after being down there for a few days and he is in no condition to know what he is saying."

Waller and Michelson made a strange contrast when they stood together. Identification by the different witnesses.

Waller tall, erect, alert of action and of a certain degree of intelligence, while Michelson always handled himself with a military bearing, due no doubt to his training in the Australian army.

On the other hand stood Michelson, short, stubby build, large head, shabby appearance and no trace of intelligence. The colors were navy, Dutch blue, tan and also assorted stripes. A well made garment. Prices from 60c, 75c and \$1.

## Health and Beauty Hints

BY MISS MAE MARTIN

There is nothing that betrays a woman's age and her want of beauty so quickly as a poor complexion. The skin is the canvas upon which the artist of nature has painted the most beautiful picture. It is the first thing that the eye sees, and it is the last thing that the eye sees. It is the first thing that the eye sees, and it is the last thing that the eye sees. It is the first thing that the eye sees, and it is the last thing that the eye sees.

Miss V. With a skin made by nature, you need not be afraid of the sun. The sun is the best of friends, and it is the best of friends. The sun is the best of friends, and it is the best of friends. The sun is the best of friends, and it is the best of friends.

There is a way to keep the skin in good condition. It is to keep the skin in good condition. It is to keep the skin in good condition. It is to keep the skin in good condition. It is to keep the skin in good condition.

There is a way to keep the skin in good condition. It is to keep the skin in good condition. It is to keep the skin in good condition. It is to keep the skin in good condition. It is to keep the skin in good condition.

## A POETIC GENIUS

IS R. T. ANDERSON  
OF EDMONTON

Author of Volume of Stirling Poems Relating to Local and Other Events.

"Canadian Born and Other Western Verses" is a book which has been handed to me for review. We evidently have a poet in our midst, for the author is Robert T. Anderson, of Edmonton, who is a well known to every man, woman and child in Edmonton. Here, he writes a book of stirring poems, each one pertaining to some event which is happening or has happened in our city, and to some event to appreciate the fact that such a gift means much. That Mr. Anderson lives in Edmonton today by the G.T.P. for Montreal, thence to Birmingham, Eng., to spend the holidays in the city.

Mr. and Mrs. Sifton have returned from their home in the Thousand Islands, where they were staying with Mrs. O'Brien, who are occupying their new home in Ottawa. Mrs. Sifton was formerly Miss Grace Bell of Montreal.

Mrs. Walter Armstrong, 327 Jasper street, is a guest of Mrs. Sifton. He is a Scotch, goes without saying, for Mr. Anderson gives to his Scotch-Canadian poems a title which no one but a lad to the heather could impart.

## ANIMAL FEATURES AT THE MONARCH THEATRE

For one day only. Replete with half-rising episode of people being in close range with savages.

"In the Coils of the Python," the two-act feature to be presented at the Monarch Theatre is bound to prove thrilling and exciting to all who see it. This is one of the greatest of all animal pictures, and while the plot is interesting and the work of the production a telling one, the animal scenes are highly interesting. There are good glimpses of the animals in their natural habitat, and also good studies of the python at close range. One instance is a tiger which is kept in a cage, and the tiger is kept in a cage, and the tiger is kept in a cage.

The tiger is kept in a cage, and the tiger is kept in a cage, and the tiger is kept in a cage. The tiger is kept in a cage, and the tiger is kept in a cage, and the tiger is kept in a cage.

The tiger is kept in a cage, and the tiger is kept in a cage, and the tiger is kept in a cage. The tiger is kept in a cage, and the tiger is kept in a cage, and the tiger is kept in a cage.

## "THE GIRL FROM MUMMS" AT THE EMPIRE THEATRE

Olivia Vail Will Be Welcome Attraction at Edmonton This Week.

Sheehan and Beck's fascinating Parisian comedy, "The Girl from Mumms," with the ever-popular comedienne and musical comedy star, Miss Olivia Vail, will be the welcome attraction at the Empire Theatre, Friday and Saturday.

There is probably as much general interest in the announcement of the coming of Miss Olivia Vail in "The Girl from Mumms" as there would be in the coming of any other comedienne to the American stage. The girl is undoubtedly one of the most popular and successful comedienne now before the public.

While it would be a pleasure to see Miss Olivia Vail in any of the musical comedies she has been directly instrumental in labelling with success, it is especially true that "The Girl from Mumms" will be a standard for her. Her admirers will be glad to see her in "The Girl from Mumms" and her admirers will be glad to see her in "The Girl from Mumms."

There has hardly been a real musical comedy success launched in the past 10 years that has not seen its prime success in "The Girl from Mumms." Miss Olivia Vail, as the leading comedienne, has the dash, wit, tempo, and a voice which are an essential requisite for a successful musical comedy. Her admirers will be glad to see her in "The Girl from Mumms" and her admirers will be glad to see her in "The Girl from Mumms."

### Hockey Games to be Played in Stock Judging Pavilion

Deacon White Secures Big Exhibition Building for Rink and Assures Edmonton of Fast Hockey for Coming Season—Building is 100 by 200 Feet.

Many people in Edmonton today are enjoying an attack of fever as a result of yesterday's blizzard. Sounds funny, doesn't it? Who ever heard of anyone enjoying the fever. But this is a pleasant kind of fever to have. It comes annually about this time of the year and it is a great deal like malaria fever in one respect, having it cures does not make one immune from it, but in the contrary causes one to have it worse the next time. However, it is seldom fatal, but the very thing that makes the patient feel better afterwards the fever so that there is practically no cure for it but warm weather. Those who contract it, therefore, must as well give in and try to stick it out until spring.

What kind of fever?  
O, pardon me; thought you knew. It's the hockey fever. Haven't you got it? When the snowfalls began to fly yesterday, and the millions of merry ho-ho's to sing to keep warm many were stricken. One of the first to be overtaken by the fever was Deacon White, and last night he was very low owing to a complication with ruddy fever. However, he is not delirious when he states that Edmonton is to have real hockey this season. Not that there have not been any real hockey players in Edmonton in the past, but they have never had an opportunity to show what they could do, as the hockey rinks of Edmonton

were more conducive to a sort of rough and tumble hockey. Deacon has arranged for a real rink this winter. The stock judging pavilion at the Edmonton Exhibition grounds will be the scene of the ice contests this season, and it will be the finest hockey arena in western Canada. Deacon White and "Shorty" Campbell have leased the pavilion and will flood it just as soon as the weather justifies. The building is 100 by 200 feet in dimensions, with will be just right for fast open hockey, the kind that the spectator and player alike enjoy. It will seat 4,000 or 5,000 people, and it is heated. "Deacon" stated last night that he was in favor of a four-team provincial league, consisting of two teams from Edmonton and two from Calgary. He stated that he thought better hockey would result under these conditions. There would be an intermediate league, of course, but for senior hockey he thought the teams would be given better support and would be of a higher class if there were not so many.

The annual meeting of the hockey league will be held next month, when the matter will be thrashed out.

### CHURCH PEOPLE PLAN TO STOP PRIZE FIGHT

Dunder-Azevedo Fight at Los Angeles May Be Prevented by Organized Effort.

Los Angeles, Oct. 14.—Plans were laid yesterday by churchworkers to prevent the Johnny Dunder-Azevedo prize fight being held at the Vernon arena to-night. The Methodist minister's conference drafted a protest addressed to Sheriff Hammett. A copy was sent to Governor Johnson. The city church federation arranged to ask the district attorney's office today to prevent the fight.

### NAP. PITCHER STRIKES OUT 19 PITTSBURG MEN

Cleveland Takes Sixth Game of Series Which Makes Starting Three to Three.

Cleveland, Oct. 14.—The Cleveland Americans, defeated the Pittsburgh Nationals yesterday by a score of 7 to 0 in a game of 16 innings. It was a remarkable pitcher's battle between Dugg of Cleveland, who struck out 19 men, and Hendrix of Pittsburgh, who fanned nine batters. The best series ever being played today, Cleveland ... 600 000 000 1-1 2 3 Pittsburgh ... 000 000 000 0-0 0 0 0

### WOLGAST DEFEATS BATTLING NELSON

Ex-Champions Meet at Milwaukee in Ten-Round No Decision Bout.

Milwaukee, Wis., Oct. 14.—Ad Wolgast, of Cadillac, Mich., defeated Battling Nelson in a 10-round no decision boxing contest here last night. Wolgast fought a clean, swift battle, and three times had the Dane groggy. He used his left to the chin and right to the face with great force, but the Battler always came back hard.

Nelson bored in continually and at times showed flashes of his old-time form, but his blows lacked force. Both tired toward the end of the contest on account of their continual boring in tactics, but Wolgast was the fresher at the close.

It was Wolgast's fight after the first round. He drew his first blood with a blow to Nelson's mouth as the round was ending, and except for the eighth round had much the better of the opponent. In the second round four clean swings to the jaw caused Nelson to reel and on recovering himself he could not land effectively.

Wolgast played for Nelson's head continually, and poured a shower of blows on his face. Nelson played for the body but his blows lacked power.

Wolgast forced his opponent to the ropes in the fourth round and in the fifth knocked him nearly through. In the fifth Nelson landed a heavy blow in the face which sent Wolgast's head up. Nelson was apparently tired when the round ended.

Charlie White, of Chicago, challenged the winner before the end of the bout. Jimmy Britt and Timmy Chabry were introduced to the "sic" crowd of spectators.

### American League Again Shows Its Superiority Over National

Chicago White Sox Take Deciding Game of Series With Cubs, Winning City Championship 5 to 2.

Chicago, Oct. 14.—The Chicago American made it three in a row from the local Nationals yesterday and won the city championship. The score was 5 to 2. Scott, vanquished in a duel with Humphries Friday, had ample revenge on his rival in yesterday's game.

To James Farnier goes the honor of driving in the run which decided the game. His double in the fourth inning sent the winning run across the plate. The Sox started a bombardment against Humphries' curves in the fourth. After Lord had walked Chase singled on Butler at third and Collins drove off a single and Chase scored the first run by making a beautiful slide under Archer. Farnier followed Collins with a timely double into the over-flow crowd and Bodie and Collins scored.

A pinch hitter batted for Humphries in the next inning, and Jimmy Lavender, who went to the mound for the Cubs, was greeted with a fusillade of hits, which included doubles by Lord and Bodie and a triple by Chase, giving the Sox two more runs.

The Nationals got their first run in the fourth inning. Evers singled and took second on Scott's cut. Zimmerman struck out, but Sawyer's safe drive sent the manager to third. A double steal was started, Weaver took Schalk's throw and tried to run down Sawyer between first and second, but they collided at the initial base and Weaver dropped the ball. In the meantime Evers slide home. Scott scored after the out and the Sox were played in a spectacular style.

Today's victory brings to a close the seventh meeting of the clubs, the Sox winning four times and the Cubs twice, with the first game a tie. The attendance yesterday was 29,443; receipts for yesterday, \$10,569. National commission shares, \$10,500; each club's share, \$28,423. The grand total for six games, with the receipts and division of the money, is as follows: Total attendance, 153,549; total receipts, \$105,815; National commission share, \$10,500; each club's share, \$28,423. Players' pool (for first four games), \$30,325. This amount is divided between the winners and losers as follows: American league players, \$57,795; National league players, \$48,530. Score: Nationals ... 000 100 000-2 0 1 Americans ... 000 200 000-5 11 1 Batteries—Humphries, Lavender and Archer; Scott and Schalk.

### EDDIE GLABBY IS OUTFORTED.

Winning, Oct. 14.—New, O'Brien, a clever local boxer, last night outfitted Eddie Glabby in nine out of the 12 rounds. Glabby was punished severely in many of the rounds, Glabby being sent to the floor on several times put up against the ropes.

### COMPLETING RIFLE RANGES.

Ottawa, Oct. 13.—It is expected that the new Comaught rifle ranges, some seven or eight miles away from Ottawa, will be ready for next year's meeting of the D.B.A. Work on the built is now being rushed, and the work of adding is going ahead rapidly. Scarcely time now money is being spared to make the ranges as perfect as they should be.

### CURLEY RUE AND FORBES TO WRESTLE NOV. 20

Match Promises to Be Fastest Yet—Rue to Throw Forbes Three Times.

It is predicted by those interested in wrestling in Edmonton that the match arranged for Thanksgiving between Jack Forbes and Curley Rue will be the best lost ever put on in Edmonton. Both men have demonstrated that they have ability. Both showed some fast work at the match last Thursday night at Moose Hall, and as there is some ill feeling between them owing to their rivalry, the match should be a hot one.

Rue is the heavier of the two by 10 pounds, but he has underlined the heavy end of the argument. He posts a side but that he can throw Forbes three times in one hour. Those who saw Rue in an exhibition match are convinced that he is a good wrestler, but think that he will have to "go some" if he pins the clever little Scotchman's shoulders to the mat three times in 60 minutes.

The bout will be staged at Moose Hall, 404 Fraser avenue, and there are a number of pool preliminaries being arranged for.

# CEMETERY BOARD IS CONSIDERED BY WORKS COMMITTEE

The appointment of a suitable cemetery board to manage the affairs of the new Beechmount cemetery recently set aside from the property owned by the city and held for industrial purposes was discussed. The personnel of the board was not finally settled, but after receiving further information later in the day, it is probable that the names will be embodied in the report of the committee submitted to the city council tonight.

sion on that part of the street railway department of the special turnouts and the street car tracks in the city this summer. In a number of cases it was not known that branch-off lines would be put in for the next two or three years, and at a recent meeting of councilmen and the street railway department it was very poor business not to put these in now when the permanent improvement committee of the city council was asked to investigate and bring in a report.

It was also pointed out that the superintendent of the street railway department had said that the cost to the city would be greater if the branch-off lines were put down now and interest would be paid on the bonds than if the department is ready to extend the lines. Had planning been used in the past, the street railway department would have put in the permanent paving, the report shows that a few hundred dollars might be saved by putting in the branch-off lines and pulling it up when the department is ready to put in the final paving. Then there is the question of damage which would result to the street if the street railway department had to remain unused for several years. The lifetime of these would be materially reduced by the long inactivity.

**"TWO ORPHANS"  
AT THE LYCEUM  
WELL PRESENTED**

That there was a small audience at the Lyceum theatre last night was no indication that the performance was equally poor. The Lyceum, a theatre of the town, was rendered by the stock company, was a presentation that called for high encomiums. The characters throughout were well sustained, and the plot was well told, so that one could appreciate the efforts the company put forth.

John Aylsworth, in the character of Henrietta, was exceptionally good, and in "Louise" Jessie Saindon gave a representation of the blind girl that was true to life. The character of the "repulsive, wicked old hag, Emily" Selma, who created a character that was all that could be desired in that line.

John Aylsworth, a young hoodlum, who came from a family that had been outcasts for 116 years, Harry Cornell was com-

The scenes were quite appropriate and the costumes rich and of the period in which the play was written, and one could easily imagine himself in France in the latter part of the eighteenth century, when manners, customs and dress were so different from those of the present day.

The company should be greeted with crowded houses during the remainder of the week.
